Joie Lamar
Chairperson and Project Engineer
Walk & Monument of Heroes

Dear Ms. Lamar,

Thank you for your proposal submission to the City of Toronto to donate a monument, the Walk & Monument of Heroes, commemorating LGBTQ+ leaders and changemakers.

As you are aware, the City follows a process for public art donations that is set out by official policy. Public Art staff have engaged Parks, Forestry and Recreation to explore Norman Jewison Park as a potential site for the Walk & Monument of Heroes. It is possible, pending fundraising, design and public consultation, that the project will proceed in conjunction with the revitalization of the park.

We are pleased to continue to work with your organization to realize this significant community project.

Kind regards,

Patrick Tobin
Director, Arts & Culture Services

cc. Sally Han, Manager, Cultural Partnerships
